

Analysis of the First Testbeam for the FASER Experiment

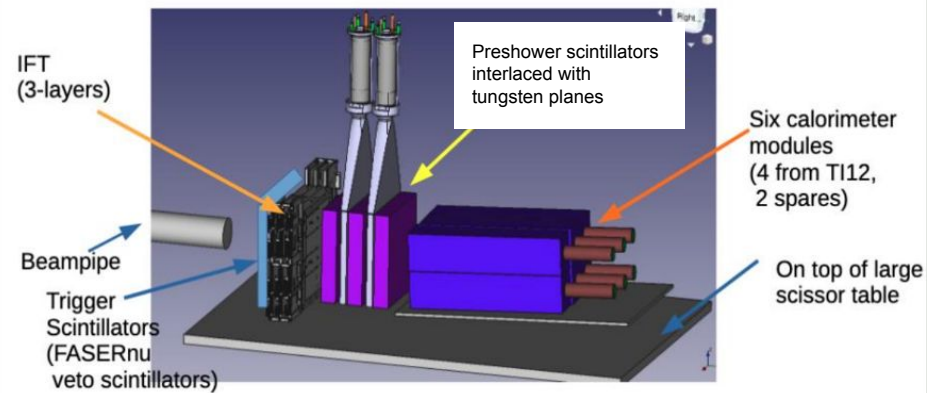

By Noshin Tarannum working with Claire Antel and Anna Sfyrla

UNIVERSITÉ
DE GENÈVE

The Faser TB Team!

My studies focused on the comparison between the data and our simulations for this setup. Head over to my poster to find out if the data and simulation indeed agree or not!

Acknowledgements to the whole FASER collaboration and associated members. Noshin Tarannum (noshin.tarannum@unige.ch)
